**IAEM makes submission on *Protecting our Future:
The Report of the Working Group on Elder Abuse***

The National Council on Aging and Older People (NCAOP) is commissioning an independent review of the recommendations of *Protecting our Future: the Report of the Working Group on Elder Abuse 2002*. As part of this process the reviewers *PA Consulting Group* asked for a submission from the Irish Association for Emergency Medicine on the report: its recommendations and the extent to which the recommendations had been actioned nationally.

As the representative body for Emergency Medicine, the Association was pleased to provide its view, a view as seen from the Emergency Medicine perspective.

A copy of the covering letter returned with the completed submission form is [here](#). The submission form is available [here](#) and also on the Publications section of www.emergencymedicine.ie. A copy of the report *Protecting our future: the Report of the Working Group on Elder Abuse* is [here](#).
