IAEM makes a submission to the *Oireachtas Committee on Justice, Defence and Equality* on the proposed Mental Capacity Legislation

The Irish Association for Emergency Medicine has made a submission to the *Oireachtas Committee on Justice, Defence and Equality* who are deliberating on this matter and have invited submissions from interested parties. While the Committee may have a focus on the issues around permanent mental capacity loss, IAEM is very cognisant of the acute or indeed temporary mental capacity problems which have the potential to cause so many difficulties in Emergency Departments around the country.
